WORK EXPERIENCE

Product Strategy & Design Analyst | Rokt, New York, NY — Nov 2025 - Nov 2026

- Redesigned HubSpot CRM interfaces and workflows using insights from **15+ user interviews,** improving information architecture, overall navigation and reducing **manual data entry by 29%.**
- Designed the user experience for Prism, an AI-powered QA tool, streamlining ad creative review workflows through automated visual screening and issue reporting and **reducing manual review time by 58%.**
- Increased client retention **response speed by 83%** by automating competitive intelligence reporting and churn-risk tracking through an n8n powered centralized dashboard.
- Generated **$8M in additional ARR** by building a client engagement dashboard tracking product adoption across **14K+ accounts** and identifying cross-sell opportunities.
- Initiated and implemented contextual triage cards within HubSpot CRM, enabling account managers to independently resolve data sync issues and reducing **cross-team troubleshooting time by 64%.**
- Conducted 20+ stakeholder interviews to map user journeys, identify workflow friction, and uncover **$120K in annual technology savings** through redundant tool consolidation and documented usage standardizations.

UI/UX Designer | Luxeveda Brand Services Pvt. Ltd., Bangalore, India — Nov 2022 - July 2023

- Designed end-to-end responsive web and mobile experiences for 5 B2B and B2C clients, collaborating with 10+ designers, developers, and stakeholders.
- Led UX research and usability testing across **12+ sessions** to redesign Catalyst's B2B consulting services website, improving navigation and contributing to a **15% increase in traffic.**
- Redesigned user journeys and e-commerce interfaces for Dabur's global websites, optimizing product discovery and engagement to **increase sales and interactions by 20%.**
- Developed a scalable design system with **50+ reusable UI assets** for Dabur's e-commerce platform, establishing consistency across digital experiences.
- Spearheaded content creation for digital marketing campaigns, **increasing the click rate by 30%.**

Architect | Collage Architecture Studio, Bangalore, India — June 2021 - Oct 2022

- Managed and delivered 6 concurrent end-to-end construction projects, overseeing operations, vendor coordination, and on-site execution while documenting best practices for efficiency.
- Improved stakeholder **communication efficiency by 40%** through a structured reporting framework for clients, vendors, consultants, and internal teams.
- Mentored 4 junior architects, while improving team productivity and design quality during project execution.
